Go Matt!**

Labor Day - last holiday of summer

It was good to see everyone having such a good time with our superb weather and lake full enough to enjoy for this holiday. Ridge Harbor was full of family and friends and good parties were held all around the community.

There were a couple of bobbles, however, that required the oversight of our local gendarme...

Oops...some young adults got a bit close to the water and got soundly stuck in the mud...although it appears this vehicle had been "mudding" a few other places, too. I heard they were escorted out and had to call either parents or friends to pick them up at Hollingsworth corner and this was supposedly quite late at night...oops!
